## REPORT

Name of the Program: ICT in Inventory management

Date: 21, NOV 2018

Resource Person Details: Dr P Ravindar

Balaji Institute of Pharmaceutical Sciences conducted "A training program on "ICT in Inventory management" for B pharmacy 2<sup>nd</sup> year and Pharm-D 1<sup>st</sup> year students by Dr P Ravindar 21, NOV 2018. The main objective of conducting ICT in Inventory management was;

- ✓ How to reduce cost of ordering stock, improved order processing.
- ✓ To improve speed of service to customers.
- ✓ To improve the accuracy of inventory data.
- ✓ To enhance stock availability to customers.
- ✓ To show the effect of information technology on inventory management.

56 students from both the years have attended this informative program. Dr P Ravindar took interactive sessions where he explained the importance of ICT learning and how they became most important in the Pharmacies. On the last day of the training Dr P Ravindar conducted written exam among the students and assessed performance of the students. An open feedback from the students has been asked and confessed that ICT skills ensured them to be more productive and accurate. The management and principal of Balaji Institute of Pharmaceutical Sciences expressed gratitude to the students for making the program fortuitous and successful.

## REPORT

**Name of the Program:** Introduction to xpharma and hands on practice

**Date:** 05, April 2019

**Resource Person Details:** J.Nagaraju

**Associate professor**

**Department of Pharmacology**

Balaji Institute of Pharmaceutical Sciences arranged "A training program on " Introduction to xpharma and hands on practice " for B. pharmacy 3<sup>rd</sup> year and Pharm-D 2<sup>nd</sup> Year students by J.Nagaraju on 05, April 2019. The main objective of conducting this training program was to prepare students to use animal stimulator perfectly and correctly for performing their pharmacological experiments. Projector was used as a mode of explanation of data and also provided the data required for logging into the software. 57 students from both the years have attended this informative program. J.Nagaraju took interactive sessions where he explained the importance of animal stimulator. On the last day of the training J.Nagaraju conducted group activity program by dividing the students into groups and made them do the experimental work practically. An open feedback from the students has been asked and confessed that ICT skills ensured them to be more productive and helpful in doing the experiments. The principal Balaji Institute of Pharmaceutical Sciences expressed gratitude to J.Nagaraju and students for making the program fortuitous and successful.

### Report

**Name of the activity: Introduction to xpharma and hands on practice**

**Date:** 10 March, 2020.

**Resource person: Mr. J.Nagaraju**

Balaji institute of pharmaceutical sciences has conducted a **Introduction to xpharma and hands on practice** program for B. Pharm 3<sup>rd</sup> and Pharm.D, 2<sup>nd</sup> year students. The program was initiated by **Mr. J.Nagaraju** Associate Professor of Balaji College. The students should have the knowledge about the xpharma software. In this session 43 students participated and it covers varieties of topics, ranging from dosing to actiologies to indications for drugs and procedures. Soft features are provides clinically relevant information related to medications, toxicology, diseases, acute care, and alternative medicine

### REPORT

**Name of the Program:** Application of animal stimulator

**Date:** 3,march, 2021

**Resource Person Details:** Dr.A.Shyamsunder

#### **Department of Pharmacy Practice**

Balaji Institute of Pharmaceutical Sciences arranged A training program on " Application of animal stimulator " for B.Pharm. 2<sup>nd</sup> and Pharm.D 2<sup>nd</sup> year students by Dr.A.Shyamsunder on 3,march,2021.The main objective of conducting this training program was to prepare students to use animal stimulator perfectly and correctly for performing their pharmacological experiments. Projector was used as a mode of explanation of data and also provided the data required for logging into the software. 91 students from both the years have attended this informative program. Dr.A.Shyamsunder took interactive sessions where he explained timportance of animal stimulator. On the last day of the training Dr.A.Shyamsunder, conducted group activity program by dividing the students into groups and made them do the experimental work practically. An open feedback from the students has been asked and confessed that ICT skills ensured them to be more productive and helpful in doing the experiments and students for making the program fortuitous and successful.

### REPORT

**Date:** 9, Nov 2021

**Name of the Program:** Introduction to Clinirex and hands on practice

**Resource Person Details:** A.Raj Shekar

#### **Health Care Solutions**

Balaji Institute of Pharmaceutical Sciences arranged "A training program on "Introduction to Clinirex and hands on practice" for all Pharm-D students by A.Raj Shekar on 22, June, 2021.. The main objective of conducting Introduction to Clinirex and hands on practice was to make the students utilize the data base for case studies in hospitals. A.Raj Shekar, explained how Clinirex was useful in the clinical cases that were collected at the hospital. He also gave a detailed information about the uses of database in analysis, case presentations, editing, and saving the entered cases in the data base. He further showed the students on how to login with I'd and use the software. 81 students from both the years have attended this informative program. A.Raj Shekar took interactive sessions where he explained the importance of Clinirex. On the last day of the training A.Raj Shekar conducted written exam among the students and assessed performance of the students. An open feedback from the students has been asked and confessed that ICT skills ensured them to be more productive and quicker. The management and principal of Balaji Institute of Pharmaceutical Sciences expressed the gratitude to A.Raj Shekar and students for making the program successful.

### REPORT

**Name of the Program:** ICT in Inventory management.

**Date:** 11.april,2022

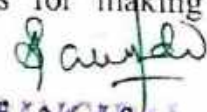

**Resource Person Details:** Dr.P.Ravindar

Balaji Institute of Pharmaceutical Sciences conducted "A training program on "ICT in Inventory management" for B pharmacy 2<sup>nd</sup> year and Pharm-D 2<sup>nd</sup> year students by Dr.P.Rajesh 11.april,2022. The main objective of conducting ICT in Inventory management was:

- ✓ How to reduce cost of ordering stock, improved order processing.
- ✓ To improve speed of service to customers.
- ✓ To improve the accuracy of inventory data.
- ✓ To reduce the risk of errors and omissions.
- ✓ To enhance stock availability to customers.
- ✓ To show the effect of information technology on inventory management.

56 students from both the years have attended this informative program. Dr.P.Ravindar took interactive sessions where he explained the importance of ICT learning and how they became most important in the Pharmacies. On the last day of the training Dr.P.Ravindar conducted written exam among the students and assessed performance of the students. An open feedback from the students has been asked and confessed that ICT skills ensured them to be more productive and accurate. The management and principal of Balaji Institute of Pharmaceutical Sciences expressed gratitude to the students for making the program fortuitous and successful.

### REPORT

**Name of the Program:** CAAD STUDIES

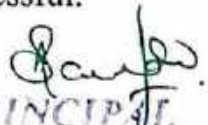

**Date:** 07, Oct 2022

**Resource Person Details:** Dr.Ravi Jarapula  
Professor

**Department of Pharmaceutical chemistry, BIPS**

Balaji Institute of Pharmaceutical Sciences arranged "A training program on "CAAD studies" for B. pharmacy 4<sup>th</sup> Year students by **Dr.Ravi Jarapula** on **07, Oct 2022**. The main objective of conducting this training program was to prepare students to develop novel drugs by computer based software systems. Laptop was used as a mode of explanation of software and give the explanation of screening of large number of molecules by using this software. 71 students from both the years have attended this informative program. **Dr.Ravi Jarapula** took interactive sessions where he explained the importance of this software. On the last day of the training **Dr.Ravi Jarapula** took an open feedback from the students has been asked and confessed that ICT skills ensured them to be more productive and helpful in doing the design of new entities. The principal Balaji Institute of Pharmaceutical Sciences expressed gratitude to **Dr.Ravi Jarapula** and students for making the program fortuitous and successful.

### Report

**Name of the activity:** Introduction to xpharma and hands on practice

**Date:** 19, aug, 2023.

**Resource person:** Mr. J.Nagaraju

Balaji institute of pharmaceutical sciences has conducted a micromedex program for B. Pharm 2<sup>nd</sup> and Pharm.D, 2<sup>nd</sup> year students. The program was initiated by Mr. J.Nagaraju Associate Professor of Balaji College. The students should have the knowledge about the micromedex software. This session covers varieties of topics, ranging from dosing to etiologies to indications for drugs and procedures. Soft features are provides clinically relevant information related to medications, toxicology, diseases, acute care, and alternative medicine. 100 students were participated in this program and made it successful
